Dear Mr. Zhou,

**"Managing Your Account Has Never Been Simpler"** through our website [www.oudirect.org](http://www.oudirect.org). The six-part website was designed to provide a user-friendly and efficient site that allows for customization of your Kosher Letter of Certification and on-line access of your account. The website includes:

**OU's Universal Kosher Database (UKD)**, which contains thousands of products that are certified by the OU and participating kosher certifying agencies. The UKD also allows you to print Kosher Letters of Certification (LOC's) for any OU certified product selected.

**Kosher Letters of Certification (LOC's)** option, where you can customize and print your own letters of certification;

**Financial Overview** of your company's account with the OU;

**Schedule A and Schedule B - Ingredient and Product Listings;**

**Applications** for new plants, products and ingredients; and

**Trademarks** - variations of the symbol, for use on labels.

Below you will find your login information to our website at no additional cost to you:

**User name: 1297853**

**Password: 155@276 (case sensitive)**

Please Note: The 'Customer Administrator' has the ability to assign additional users with specific roles and restricted plant rights if necessary.

The OU's philosophy regarding kashrut certification is to make it as user-friendly as possible without compromising our high standards. As a result, much thought and effort was expended into creating this program while focusing on our clients' interests and needs. Your comments and suggestions are essential as we continue to enhance our website.
